Syeda Samra

Front End Developer

"As a dedicated BBA student with strong business acumen, I blend my passion for marketing and technology. With hands-on experience as a network marketer, I have honed my skills in communication, team building, and strategy development. Additionally, I am a front-end web developer proficient in HTML, CSS, and JavaScript, creating visually engaging and user-friendly web applications. My unique combination of business knowledge and technical expertise allows me to approach challenges from multiple perspectives and deliver impactful solutions."
